

# The Drake and the Snake

*Dr Rohini Chintha, Hyderabad*

Once upon a time there was a drake  
Who wanted to bake  
A nice cherry cake  
But he forgot how to make a cake  
So he sat awake  
Next to the lake  
And his brains he raked.  
Finally he gave up making the cake  
And instead made a tasty milk shake.  
He felt very proud for such a lovely shake  
That he went to the lake  
To get a snowflake  
To decorate his shake.  
But there at the lake  
The drake saw a big snake  
In his heart he felt a quake  
And ran, for his life was at stake.  
But it need not have given  
any worry to the drake  
Because the snake was fake. ●
